Bremen: Notification of 19 March, 1934 concerning the sanitary inspection of any consignement of plants, 157-M. – Police Ordinance of 4 May, 1934 on control of *Galinsoga parviflora*, 248-M.

British West Indies: Insect pests, 6-M.

C.

Chile: Decree No. 4 of 4 January, 1934 establishing that imported wheat intended for milling must be absolutely free from the Angoumois grain moth (*Sitotroga cerealella*), 105-M. — D. No. 366 of 16 March, 1934 concerning the commerce of fresh fruits in the country, 276-M.

China: Notification No. 1340 of the Chief of the Customs Office of Shanghai, concerning the importation of virus, bacteria, fungi, protozoa and insects dangerous to crops, 158-M.

Competitions: International Competition for the investigation of a remedy agains the 'Mal secco' disease of citrus, 240-M.

Conferences: Third International Locust Conference, London, 11-18 September, 1934, 269-M. – Fourth International Locust Conference, Cairo, spring 1936, 288-M.

Congresses: Sixth International Botanical Congress, 48-M. – XIth International Olive Growers' Congress, Lisbon, 1933, 72-M. – XIth International Horticultural Congress, 216-M. – First International Congress of Electro-Radio-Biology, 144-M.

Cuba: Decree No. 1135 of 3 August, 1933 creating the 'Junta Cuarentenaria de Plantas', 106-M.

Cyrenaica: Plant pests, 243-M.

Czechoslovakia: Decree of the Minister of Agriculture dated 7 March, 1934 concerning the importation of potatoes, 107-M. – Notification of 22 March, 1934 fixing the charges to be made for the phytosanitary inspection of consignments of potatoes on entering the country, 228-M.

D.

Danzig: Decree of 7 October, 1933 intended to prevent the introduction of potato disease (*Synchytrium endobioticum*), 14-M. – D. of 2 May, 1934 adopting also for the territory of the Free City of Danzig the regulations concerning the obligatory colouring with eosin of seed of clover, lucern, kidney and sweet clover, in force in Poland, 182-M.

Dominican Republic: Presidential Decree No. 792 of 7 August, 1933 forbidding for phytosanitary reasons the import of rice straw and other rice waste used as packing material, 39-M. – P. D. No. 810 of 30 August, 1933 concerning the importation of live plants and parts of live plants of species of citrus, acacia, casuarina and rose 39-M. – P. D. No. 822 of 12 September, 1933 concerning the importation of potatoes from Spain, 39-M.

E.

EGYPT: Locusts, 150-M.

England and Wales: The Colorado beetle (*Leptinotarsa decemlineata*), 51-M. – New and interesting phytopathological records for the year 1933, 51-M. – Order of 7 May, 1934, regulating the importation of cherries into England and Wales from Spain, France, Italy, Germany and any other European countries during the 1934 season, 128-M.

Eritrea: Governatorial Decree No. 6754 of 7 February, 1934 annulling the articles 3, 4, 5 and 6 of the Governatorial Decree No. 2026 of 13 July, 1914, 106-M. – Locusts, 6-M, 29-M, 54-M, 74-M, 98-M, 126-M, 150-M, 175-M, 198-M, 244-M, 265-M.

F.

FINLAND: Onion smut, 150-M.

France: Decree of 30 April, 1934 concerning the colonial chair of Plant Pathology of Nogent-sur-Marne (Seine), 205-M. – D. of the Minister of the Colonies, dated 19 June, 1934 on the protection of coffee plantations against the coffee berry borer (*Stephanoderes hampei*), 223-M. – Inter-Ministerial Decree of 13 April, 1934 establishing the conditions in which the control of the sanitary inspection of potato crop intended for seed will be carried out, 129-M. – Law of 29 June, 1934 tending to insure the good marketable quality of fruits and vegetables and to suppress the sale of worm-eaten fruit, 223-M. – Ministerial Decree of 28 February, 1934 indicating the boundaries of the zones declared infected with the Colorado beetle (*Leptinotarsa decemlineata*) and the zones of protection, 106-M. – M. D. of 13 April, 1934 nominating the members of the Technical Commission responsible for carrying into effect in the field the official sanitary control of potato crops intended for seed, 129-M. – M. D. of 11 August, 1934 concerning the provisions of the Ministerial Decree of 17 January, 1933 relating to the importation of seed potatoes, originating in and coming from Germany, 205-M. – M. D. of 20 July, 1934 determining the hunting season 1934-35, 205-M. – M. D. of 30 June, 1934 revokeding the Ministerial Decree of 1 March, 1934, 224-M. – M. D. of 22 September, 1934 relating to the importation of fresh fruits, 250-M. – Notice concerning the phytosanitary regulations for importation into England, Wales, Scotland and Northern Ireland of living plants and parts of living plants intended for purposes of propagation, 129-M. – Technical regulations approved on 13 April, 1934 by the Minister of Agriculture fixing the details for the sanitary inspection of potato crops intended for seed, 129-M.

French Cameroon: Decree of 17 February, 1934 concerning the organisation of the Laboratory of Plant Pathology at Douala, 158-M.

French Guiana: Decision No. 508 of 30 June, 1934 organising the control of ' fourmis-manioc ', in the communes of Cayenne and Remire-Montjoly, 277-M.

French Indo-China: Circular No. 1004 of the ' Résident supérieur ' of Tonking, dated 15 May, 1934 relative to the control of lodging of rice, 278-M. – Decrees of the Governor General, dated 9 February and 20 May, 1933 determining the costs payable for the inspection of plants, etc., intended for importation into French Indo-China, 277-M.

French North Africa: *Schistocerca gregaria*, 1-M, 30-M, 49-M, 73-M, 121-M, 169-M, 265-M.

French West Africa: *Schistocerca gregaria*, 74-M.

G.

GERMANY: Circular of 9 October, 1933 of the Minister of Agriculture allowing the use of ' Calcid ' for disinfec-

tion of nursery products for export, 36-M. – C. of 2 November, 1933 of the Minister of Agriculture concerning the application of the measures published on 27 September, 1933 to be taken in the control of grape phylloxera, 36-M. – C. dated 9 May, 1934, modifying the regulations concerning toxic gas, 181-M. – Convention for the commerce in potatoes in Germany dated 24 October, 1933, 13-M. – Customs instructions of 18 May, 1934 combining in one single text the regulations concerning San José scale (*Aspidiotus perniciosus*), 221-M. – Decree of 1 March, 1934 for the purpose of preventing the introduction of San José scale 102-M. – D. of 15 March, 1934 establishing the list of custom offices by which may be imported fresh fruits and fresh fruit residues coming from Yugoslavia, Austria, Portugal, Rumania, and Hungary, 103-M. – D. of 26 March, 1934 authorising the Agricultural Corporation ('Reichsnährstand') to prescribe that from a certain date and for certain species of cultivated plants, it is forbidden to put on the marked seed other than that officially recognised, 156-M. – D. of 31 May, 1934 providing safeguards against potato wart disease (*Synchytrium endobioticum*), 221-M. – D. of 5 June, 1934 giving the list of customs posts authorised to accept consignments of fresh fruits, living plants and parts of living plants, subject to phytosanitary inspection, 221-M. – D. of 11 June, 1934 providing safeguards against the cherry fruit fly (*Rhagoletis cerasi*), 222-M. – D. of 17 July, 1934 adding the customs house of Eisenstein, Bavaria, to the list of those which are authorised to accept consignments of fruits, living plants and parts of living plants, 247-M. – D. of 17 July, 1934 relative to the application of the regulations on the use of highly poisonous products, 247-M. – D. of 2 August, 1934 making obligatory the control of the weed *Galinsoga parviflora* ('Franzosenkraut' or 'Knopfkraut'), 248-M. – List published on 1 August, 1934 giving the names of the official experts charged with executing the control of imports of living plants, etc., 247-M. – Ministerial Circular No. II/2-242, dated 31 January, 1934 relating to the application of the regulations of the Decree of 3 November, 1931 and concerning fruits carried by travellers on their entry into the country and intended for consumption during the journey and fruits grown outside the German frontier by growers whose property is in neighbouring territory, 102-M. – M. C. No. 11-2-1050 of 17 April, 1934, concerning the charges to be levied for the inspection of citrus fruits in connexion with San José scale (*Aspidiotus perniciosus*), 156-M. – Ministerial Communication of 15 March, 1934 exempting nuts of all kinds imported in the dried state, from the regulations for prevention of the introduction of San José scale (*Aspidiotus perniciosus*), 180-M. – M. C. dated 22 June, 1934 concerning San José scale (*Aspidiotus perniciosus*), 247-M. – M. Instructions of 27 March, 9 April and 15 May, 1934 concerning the importation of oranges, tangerines and lemons, 180. – Ministerial Regulation No. 244 VI WL 2 of 10 January, 1934 preventing trade in fruit trees and bushes in the markets and fairs and to take the necessary measures to prevent the infringement of the order by dishonest tradesmen, 104-M. – M. R. of 19 April, 1934, deciding that te measures introduced as a precaution against Saint José scale do not apply to cut flowers, bouquets and wreaths carried by travellers, 180-M. – Notification of 19 March, 1934 concerning the inspection of plants in Bremen, 157-M. – N. of 15 March, 1934 concerning the control of the potato eelworm (*Heterodera schachtii* f. *solani*), 157-M. – Police Ordinance of 10 November,

1933, concerning the sale of toxic products for purposes of plant protection, 37-M. – P. O. of 4 May, 1934 making compulsory the control of the weed *Galinsoga parviflora* (' Franzosenkraut '), 248-M. – Regulations dated 27 September, 1933, relating to the control of grape phylloxera (*Phylloxera vastatrix*), 12-M. – R. of 27 June, 1934 based on the Decree of 7 March, 1930, which aims at providing safeguards against potato wart disease (*Synchytrium endobioticum*), 221-M. – R. relative to the quality of potatoes intended for consumption, 247-M. – ' Reichsnährstand ' (' Hauptabteilung IV '), Berlin: all matters relating to commerce in products used in the control of crop diseases an pests are in the hands of the said ' Reichsnährstand ', 103-M.

Great Britain: Ministerial Decree of 1 March, 1934 relating to the authorisation for importation granted as an exceptional measure for seed potatoes grown in and coming from the above-named country, 107-M.

Greece: Hemiptera injurious to cereals, 154-M.

H.

HESSE: Decree of 10 November, 1933 creating an examination in plant protection, at the University of Giessen, 37-M.

I.

INDIA: Disease of guava fruits in the United Provinces, 30-M. – Diseases in the Bombay Presidency, 98-M. – New diseases reported during the year 1933, 199-M.

Italy: Law No. 103 of 15 January, 1934 confirming the Royal Decree Law No. 1372 of 28 September, 1933, authorising the Ministry of Agriculture and Forests to contribute to the cost of the control of citrus scale insects, 56-M. – Ministerial Circular No. 443 of 28 February, 1934 indicating the rules to be observed in the exportation of potatoes from Italy to the following European countries: Germany, Czechoslovakia, Yugoslavia, Austria, Hungary Denmark, England, Belgium, Sweden, Norway, Luxemburg, France, Switzerland, Greece, 107-M. – M. C. No. 457 of 16 April, 1934 requesting the Itinerant Schools of Agriculture to carry ont the widest possible verbal and written propaganda to encourage farmers to adopt all scientific and effective means of preventing and controlling crop diseases and pests, 130-M. – M. No. 501 of 22 September, 1934 concerning the regulations in force for the circulation of plants, parts of plants and seeds within the Kingdom, 278-M. – Ministerial Decree of 18 November, 1933 declaring the communes of Appignano del Tronto and Spinetoli in the province of Ascoli Piceno, infected with grape phylloxera, 15-M. – M. D. of 20 December 1933 authorising the sale of sulphate of nicotine at a volumetric concentration of 25 %, in litre tins, and fixing its price, 56-M. – M. D. of 20 December, 1933 adding the ' Insetticida Monital ', to the schedule of the tobacco derivatives and fixing its sale price, 56-M. – M. D. of 3 January, 1934, containing regulations for the treatment of sulphur as used in viticulture and the sale of sulphur within the Kingdom and to foreign markets, 37-R. – M. D. of 11 January, 1934 adding fresh olives and non-oleaginous seeds to the list of ' Merchandise of which importation is forbidden ' annexed to the Royal Decree Law No. 1923 of 14 November, 1926, 37-M. – M. D. of 7 February, 1934 modifying the special technical

regulations for the exportation of citrus fruits, for fruits which are frost bitten, seriously attacked by sooty mould or excessively covered with scale insects, 81-M. – M. D. of 28 February, 1934 including rabbits among the noxious animals in the commune of Naro, province of Agrigento, 81-M. – M. D. of 23 January, 1934 fixing the credit to be assigned to the budget of the Ministry of Agriculture and Forests for the granting of loans to the Anti-Phylloxera Syndicates, 107-M. – M. D. of 25 January, 1934 fixing the amount of the contributions to be paid by the State to the persons concerned in the control of citrus scale and establishing the rules to be followed in the granting of such contributions, 107-M. – M. D. of 15 March, 1934, opening a competition for eight studentships for further study of Plant Pathology or Agricultural Entomology, 129-M. – M. D. of 25 April, 1934 declaring all land planted with vines in the communes of the province of Padua infected with grape phylloxera, 130-M. – M. D. of 14 July, 1934 fixing the phytosanitary regulations for the temporary importation from abroad of potato varieties to be used as seed for the 1934-1935 agricultural season, 182-M. – M. D. of 15 July, 1934 establishing a new distribution of the circumscriptions of the 21 Royal Observatories for plant diseases existing in the country, 251-M. – M. D. of 30 August, 1934 declaring the commune of Pratola Sezza in the province of Avellino infested with grape phylloxera, 251-M. – M. D. of 5 September, 1934 declaring the communes of Anzola in the province of Bologna and of Civitanova del Sannio in the province of Campobasso, infested with grape phylloxera, 251-M. – M. D. of 12 September, 1934 declaring all vineyards in the communes of the province of Bologna infested with grape phylloxera 251-M. – M. D. of 14 September, 1934 declaring the commune of Castorano in the province of Ascoli Piceno, infested with grape phylloxera, 251-M. – M. D. of 14 September, 1934 declaring the commune of Monte San Biagio in the province of Rome, infested with grape phylloxera, 251-M – M. D. of 14 September, 1934 containing enactments dealing with the protection of cultivated plants and agricultural products against diseases and pests, 278-M. – Ordinance of the Prefect of the province of Catania, dated 25 April, 1934, relating to the measures to be taken in view of locust control, 130-M. – Royal Decree No. 1700 of 12 October, 1933 approving the regulations for Law No. 987 of 18 June, 1931 containing enactments relating to the protection of cultivated plants and agricultural products against diseases and pests and to the services relating thereto, 14-M. – R. D. No. 1505 of 17 August, 1934 approving the trade and navigation treaty between the Kingdom of Italy and the Republic of Portugal, 251-M. – R. D. No. 1626 of 28 September, 1934 providing for the execution of the Treaty of Commerce and Navigation between Italy and Bulgaria, 252-M. – R. D.-Law No. 1699 of 11 December, 1933 forming a Bureau for the sale of Italian sulphur with headquarters at Rome, 37-M. – R. D.-L. No. 24 of 11 January, 1934 giving full and entire effect to the Treaty of Trade and Navigation between Italy and Rumania which was signed at Rome on 5 January, 1934, 37-M. – R. D.-L. No. 646 of 22 March, 1934 approving the Treaty of Commerce and Navigation between the Kingdom of Italy and the Republic of Salvador, signed at San Salvador on 19 March, 1934, 130-M. – R. D.-L. No. 588 of 16 April, 1934 giving full and entire effect to the Commercial Agreements between Italy and Turked, signed at Ankara on 4 April, 1934,

130-M. – R. D.-L. No. 1692 of 4 October, 1934 authorising the Ministry of Agriculture and Forests to contribute to the expenses caused by the campaign against the scale insects of citrus trees, 278-M.

J.

JAMAICA : Proclamation No. 29 of 13 January, 1934 prohibiting the importation into the island of all fruits and vegetables from all countries, 107-M.

L.

LEBANESE REPUBLIC : Control of plant pests, 32-M.

Legislative and administrative measures in the following countries : Aegean Islands, 252-M. – Algeria, 11-M, 128-M. – Argentina, 104-M, 157-M, 203-M, 276-M. – Australia (Queensland), 105-M. 158-M. – Austria, 204-M. – Brazil, 105-M, 182-M. – Belgian Congo, 182-M. – Chile, 105-M. 276-M. – China, 158-M. – Cuba, 106-M. – Czechoslovakia, 107-M, 228-M. – Danzig, 14-M, 182-M. – Dominican Republic, 39-M. – England and Wales, 128-M. – Eritrea, 106-M. – France, 106-M, 129-M, 205-M, 223-M, 250-M. – French Cameroon, 158-M. – French Guiana, 277-M. – French Indo-China, 277-M, 278-M. – Germany, 12-M, 13-M, 36-M, 102-M, 156-M, 180-M, 221-M, 247-M. – G. (Baden), 222-M. – G. (Bavaria), 80-M. 156-M, 222-M, 248-M. – G. (Bremen), 157-M, 248-M. – G. (Hesse), 37-M. – G. (Mecklenburg), 203-M, 248-M. – G. (Oldenburg), 157-M. – G. (Prussia), 14-M, 103-M, 180-M, 222-M, 223-M, 248-M. – G. (Saxony), 104-M, 203-M. – G. (Schleswig-Holstein), 14-M. – G. (Thuringia), 37-M, 181-M. – Greece, 82-M. – Italy, 14-M, 15-M, 37-M, 56-M, 81-M, 107-M, 129-M, 158-M, 182-M, 205-M, 251-M, 278-M. – Jamaica, 107-M. – Lithuania, 205-M. – Luxemburg (Grand Duchy of), 224-M. – Madagascar and Dependencies, 56-M. – Malta, 158-M. – Mexico 56-M, 81-M. – 225-M. – Morocco, (French), 38-M, 39-M, 182-M, 225-M, 252-M. – New Zealand, 56-M, 252-M. – Northern Rhodesia, 82-M. – Palestine, 226-M. – Portugal, 205-M. – Rumania, 278-M – Saar Basin, 205-M. – Southern Australia, 80-M, 105-M, 157-M. – Spain, 14-M, 81-M, 106-M, 128-M, 204-M, 248-M, 277-M. – Switzerland, 130-M. – Tunis, 40-M, 57-M, 131-M, 279-M. – Union of South Africa, 206-M, 228-M, 279-M. – United States of America, 249-M, 277-M. – Uruguay, 108-M. – Western Australia, 55-M, 105-M, 157-M, 204-M. – Yugoslavia, 82-M, 131-M, 183-M.

Lithuania: Law of 2 March, 1934 referring to the control of contagious diseases and pests of plants, 205-M.

Luxemburg (Grand Duchy of) : Decree of 29 May, 1934 concerning the invasion and propagation of grape phylloxera (*Phylloxera vastatrix*), 224-M.

M.

MADAGASCAR : Decree of the Governor General dated 14 December, 1933, declaring the Comoro Islands infected with sugarcane mosaic, 56-M. – List of the parasites and diseases of cultivated plants, 99-M. – Phytopathological notes, 175-M.

Malta : Notification No. 40 of 24 January, 1933 preventing the introduction of San José scale (*Aspidiotus perniciosus*), 158-M. – N. No. 448 of 24 October, 1933 forbidding the importation of vines and cuttings of vines, fresh grapes, and fruits wrapped in vine leaves, semi-dried grapes, must and grape juice, containing residues of skins or stalks, 158-M.

Mecklenburg : Decree of 9 April, 1934 modifying the regulations concerning

the sale of poisons used for the protection of plants in Mecklenburg, 203-M.

Mexico : 'Acuerdo' of 12 September, 1933, establishing the rules relating to the inspection, verification and shipment of fruits having been grown in or coming from the various Municipalities of the State of Veracruz infested with *Anastrepha* spp., 56-M. – Biotechnical Institute formed by the 'Secretaría de Agricultura y Fomento', 81-M. – Decree of 10 January, 1934 declaring some regions infected with grape phylloxera, 82-M. – Quarantine No. 4 of 10 April, 1934 establishing measures to combat the introduction of four species of the genus *Anastrepha* into the defence zone of the North-East, 225-M.

Morocco (French Zone) : 'Dahir' of 3 November, 1933 (14 rejeb 1352) modifying the 'Dahir' of May, 1932 (6 moharrem 1351) relating to the control of exportation of Moroccan fruits and spring vegetables for export, 38-M. – D. of 21 June, 1934 (8 rebia I 1353) concerning the technical control of the production for export, 225-M. – Decrees of the Director General of Agriculture, Trade and Land Settlement, dated 9 November, 1933, relating to the control of oranges, tangerines and 'clementines', 38-M. – D. of the Director General of Agriculture, Trade and Land Settlement, relating respectively to artichokes, carrots, peas, fresh beans, vegetable marrows, tomatoes, and potatoes for export, 38-M. – D. of the Director General of Agriculture, Commerce and Land Settlement, dated 25 November, 1933 concerning the sale of products with a basis of nicotine or preparations containing nicotine for use in the control of plant parasites, 38-M. – D. of the Director General of Waters and Forests, dated 2 December, 1933, concerning owners or holders of land situated within the territory of the Bureau of Native Affairs of Ahermoumou, 38-M. – D. of the Director of Waters and Forests dated 18 December, 1933 concerning owners or holders of land located in certain zones of the Annex of Tedders, 39-M. – D. of 3 January, 1934 authorising the destruction of rabbits causing damage to crops in certain zones of the Circle of Loukkos (Ouezzan), 39-M. – D. of 9 January, 1934 concerning any person selling compounds of fluorine or preparations containing such compounds, 39-M. – D. of the Director of Waters and Forests dated 16 February, 1934 authorising the owners or holders of land in the territory of Ouezzane, region of Fez to destroy wild boars on their land at any time and by any means except fire, 183-M. – D. of the Director General of Agriculture, Commerce and Land Settlement, dated 27 March, 1934 fixing the rate of the charges to be paid for cost of laboratory work or of ascertainment of mortality as the result of treatment carried out by the Plant Protection Service, and determining the conditions in which the samples must be taken, 183-M. – D. of 30 March, 1934 authorising the destruction of rabbits causing damage to crops in certain regions of Meknès, 183-M. – D. of 20 April, 1934 annulling Decrees of 11 September and 18 December 1933, 183-M. – D. of the Director general of Agriculture, Commerce and Colonies relative to the technical control of different agricultural products for export, 225-M. – D. of the Director general of Agriculture, Commerce and Colonies, dated 22 June, 1934 referring to the control of oranges, artichokes, carrots, peas, fresk beans, marrows, potatoes, haricot beans, and tomatoes for export, 225-M. – D. of the Director general of Agriculture, Commerce and Colonies, dated 28 July, 1934 relative to the control of agricultural products for export, 225-M. – Vizirial Decree of

3 November, 1933 (14 rejeb 1352) giving effect to the Dahir of 12 May, 1932 relating to the control of exportation as applied to consignments of various classes of fruits and vegetables, 38-M. – V. D. of 3 March, 1934 (16 kaada 1352), concerning taxes to be collected for the benefit of the State, 183-M. – V. D. of 8 June, 1934 (25 safar 1353), modifiying the Vizirial Decree of 17 May 1933, 225-M. – V. D. of 3 September, 1934 (23 joumada I 1353) regulating the importation into Morocco of plants or parts of plants liable to carry European corn borer (*Pyrausta nubilalis*), 252-M. – *Schistocerca gregaria*, 1-M, 30-M, 49-M, 73-M, 122-M, 151-M, 171-M, 265-M.

Mozambique : Diseases and pests of citrus trees in the District of Lourenço Marques, 126-M. – Locust movements, 31-M, 76-M, 100-M, 151-M, 176-M, 245-M, 267-M.

N.

New South Wales : Diseases recorded in New South Wales for the season 1932-33, 3-M. – *Chondrilla juncea*, 265-M.

New Zealand : Notice Ag. 3131 of 12 July, 1933 forbidding the importation of fruits from countries infected with fruit fly (*Ceratitis capitata*), 252-M. – Special Order made by the Hawke's Bay County Council on 9 October, 1933 declaring *Centaurea calcitrapa* a noxious weed in the said County, 56-M. — S. o. made by the Manawatu County Council on 10 October, 1933 Prickly pears (*Opuntia* spp.) and Fennel (*Foeniculum vulgare* as noxious weeds, in the said County, 56-M. – S. o. made by the Waitomo County Council on 8 December, 1933 declaring Hemlock (*Conium maculatum*) a noxious weed within the said County, 56-M.

Northern Rhodesia : Government Notice No. 22 of 2 February, 1933, giving regulations relating to the importation of plants, 82-M.

O.

Official Correspondents to the International Institute of Agriculture for questions relating to plant protection, 168-M.

Oldenburg : Notification of 15 January, 1934 relating to the cultivation of bushes of *Berberis* and *Mahonia* in Oldenburg, 157-M.

P.

Palestine : Notice of 4 September, 1933 declaring Rosh Pinna, Ras en Naqura, Zikhron Ya' aqov and Jenin, places where any plant inspector may open or search any package with a view to phytosanitary inspection, 226-M. – Order of 12 December, 1933 declaring the potato tuber moth (*Phthorimaea operculella*) a pest within the meaning of the Plant Protection Ordinance 1924, 226-M. – Plant Protection Order, 1934 dated 22 January, 1934 amending the Order of 30 January 1931, 226-M. – P. P. Order (No. 2) 1934, dated 26 February, 1934 concerning the importation of plants, 226-M. – P. P. Regulation, 1934, dated 22 January, 1934 amending the Plant protection regulation 1933, 226-M. – P. P. Regulation (No. 2), 1934 dated 26 February, 1934 authorising the Director of Agriculture and Forests to permit the removal, transfer or conveyance of plants, 228-M. – Prohibition of the importation and movement of organic manure (Abolition) Regulations, 1933, dated 18 October, 1933 cancelling the Regulation of 24 September, 1930, 226-M. – P. of importation (Plant Diseases) Order, 1934, dated 26 February, 1934 concerning the importation into Palestine of living insects, etc., 228-M.

Portugal : Decree-Law No. 23.939 of 31 May, 1934 for recruiting persons able to eventually give their services for phytopathological inspection, 205-M.

Prussia : Decree of 4 June, 1934 relative to the public establishments of seed disinfection in Prussian Saxony, 248-M. – Regulation published on 24 February, 1934 concerning the application of the Game Law of 18 January, 1934, 181-M. – Law of 18 January, 1934 concerning game and including regulations relating to the use of poisons in the fields and the damage caused by game, 103-M. – L. of 16 May, 1934 fixing the premium granted for each musk rat (*Fiber zibethicus*) killed, 223-M. – Ordinance of 5 February, 1934 forbidding in most of the districts of the province of East Prussia to plant after 1 April 1935 varieties of potatoes which are not resistant to Wart disease (*Synchytrium endobioticum*), 104-M. – O. of 22 January, 1934 concerning the control of the diseases and pests of fruit trees in Prussia, 222-M. – O. of 17 April, 1934 making obligatory the control of *Galinsoga parviflora* (' Franzosenkraut ') in the district of Stade, province of Hannover (Prussia), 222-M. – O. of 3 May, 1934 making obligatory the control of diseases and pests of fruits trees in the province of West Prussia, 222-M. – O. of 8 May, 1934 making obligatory the control of cockchafer beetles (*Melolontha*) in the district of Belzig, province of Brandenburg (Prussia), 223-M. – O. of 11 May, 1934 relating to the control of the caterpillars of the nun moth (*Lymantria monacha*), 223-M. – Police Ordinance of 8 September, 1933 relating to the control of rats and field voles, 14-M. – P. O. dated 9 January, 1934 concerning the protection of bees, 181-M. – P. O. dated 14 March, 1934 for the spraying of fruit trees in blossom, 181-M. – P. O. dated 25 April, 1934 concerning the control of bark-beetles (Scolytids), 248-M. – P. O. dated 23 July, 1934 for preventing the spreading of Colorado beetle (*Leptinotarsa decemlineata*), 248-E. – P. O. dated 9 August, 1934 concerning the cultivation of potatoes in the district of Stade, during the month of August, 249-M.

Q

Queensland : Act No. 29 of 18 December, 1933, concerning the destruction of rabbits, dingos and mursupials in Queensland, 105-M. – Law No. 30 of 18 December, 1933 on the protection of the tobacco industry, 158-M.

R.

Recent Bibliography : 15-M, 40-M, 57-M, 84-M, 109-M, 131-M, 159-M, 184-M, 206-M, 229-M, 253-M, 279-M. (See also the special list of authors mentioned under the heading ' Recent Bibliography ' of the Bulletin).

Rumania : Ministerial Decision No. 1037 of 20 April, 1934 regulating the delivery of authorisations for the use of sieves removing the dodder seed, 278-M. – M. D. No. 2055 of 1934 concerning the phytopathological inspection and phytosanitary police, 278-M.

S.

Saar Basin : Amendment of 7 March, 1934 to the Ordinance No. 940/II L. of 5 April, 1933 relative to the control of wart disease of potatoes (*Synchytrium endobioticum*), 205-M.

Saxony : Disposition of 6 April, 1934 charging the police authorities with the strict control of travelling traders in order to prevent them trading in nursery stock and seeds, 203-M.

Schleswig-Holstein : Police Ordinance dated 4 July, 1933 relating to the control of noxious plants, 14-M.

Southern Rhodesia : Locust invasion, 34-M, 54-M, 78-M, 127-M, 154-M, 179-M, 202-M, 220-M, 246-M, 268-M.

Spain : *Aspidiotus perniciosus*, 126-M. – Decree of 11 January, 1934 informing Spanish farmers and stock breeders of

the regulations relating to the protection against risks in farming, stock breeding and forestry, 81-M. – D. of 10 February, 1934 concerning the composition of the Institute of Agronomic Research, 106-M. – D. of 22 March, 1934 approving the establishment of the Institute for Development of Cotton Growing, 128. – " Orden " of 4 December, 1933 concerning the destruction of locust eggs, 14-M. – ' O. ' of 17 April, 1934 declaring the insecticide mixture known as ' Clensel ' useful for agriculture, 129-M. ' O. ' of 28 May, 1934 prohibiting the introduction into the Canary Islands of plants or parts of plants of species of the genus *Musa*, whatever may be their place of origin, 204-M. – ' O. ' of 31 May, 1934 laying down rules relative to the delivery of phytopathological or phytosanitary certificates, 204-M. – ' O. ' of 14 August, 1934 preventing the introduction and propagation of San José scale (*Aspidiotus perniciosus*), 204-M. – ' O. ' of 1 September, 1934 determining, in accordance with the Decree of 21 August 1934 organising the official Service of inspection, control and regulation of exports, the functions committed to this Service which will be confined to agricultural products exported in the naturale state, 249-M. – ' O. ' of 23 June, 1934 laying down rules to prevent the spreading of the plague of locusts, 277-M. – ' O. ' of 23 October, 1934 forbidding the exportation of grapes to the United State of America, 277-M. – Potato Tuber Moth (*Phthorimaea operculella*), 30-M.

Switzerland : Circular of 1 March, 1934 of the Department of Agriculture, Industry and Commerce drawing attention to the principal regulations in force relative to the destruction of the woolly aphis of the apple (*Eriosoma lanigerum*), the removal of mistletoe (*Viscum album*) and the collecting of cock chafer larvae (*Melolontha*), 130-M.

T.

Thuringia : Decrees of 5 April, 1934 modifying the Decree of 22 September, 1930 concerning the control of the potato eelworm (*Heterodera schachtii* f. *solani*) in Thuringia, 181-M. – P. O. dated 25 April, 1934 ordering that in the circumscription of Weimar the parts of fruit trees and bushes attacked by woolly aphis (*Eriosoma lanigerum*), scale insects, aphides, ' Frostspanners ' (*Geometridae*), ' Gespinstmotten ' (*Yponomeutidae*), and scab (*Fusicladium*) must be thoroughly cleaned, 182-M.

Tunis : Decrees of 24 June and 2 August, 1933, concerning vineyards situated at Nebeur, Civil Control of Kef, 40-M. – D. dated 26 December, 1933 of the Director General of Agriculture, Commerce and Land Settlement applying to consignments coming from Spain and Rumania the measures prescribed by the Decree of 26 August 1932, to prevent the introduction into the Regency of San José scale (*Aspidiotus perniciosus*), 57-M. – D. of 29 January, 1934 (13 chaonal 1352) modifying the first paragraph of Art. I of the D. of 25 April, 1925, 131-M. – D. of the Director of Agriculture, Commerce and Colonies, dated 7 June, 1934 concerning the operations to be carry out in orchards where the presence of fruit fly (*Ceratitis capitata*) has been certified, 279-M. – *Schistacerca gregaria*, 36-M, 265-M.

U.

Union of South Africa : Act No. 52 of 1934 providing for the eradication of *Opuntia aurantiaca*, 279-M. – Law No. 15 amending Law No. 11, 206-M. – Proclamation No. 48 of 3 March, 1934 giving the list of the insects and acarina declared injurious according to the Law No. 13 of 1925, 206-M. – P. No. 12 of 29 March, 1934 amending

the Proclamation No. 45 of 1923 on the destructioa of locusts in the Bechuanaland Protectorate, 206-M. – P. No. 15 of 1934 dated 16 April 1934 concerning the sections of the Swaziland Locust Destruction Proclamation, 1924 (No. 44 of 1924), 228-M.

United States of America : Amendement No. 1 to the Rice Quarantine No. 55 approved on 27 July, 1934 and in force on 1 August 1934, 250-M. – Bacterial wilt of maize, 74-M. – Dutch elm disease, 266-M. – Entomological records for August, 1934, 244-M. – First reports, 266-M. – Notice of Quarantine No. 19, forbidding the importation from all foreign localities and countries of citrus nursery stock, 277-M. – Provision (B. P. Q. – 362) of 19 April 1934 and in force on 1 May, 1934 permiting the importation of grapes from regions where the Mediterranean fruit fly (*Ceratitis capitata*) occurs, 249-M. – Winter injury, 266-M.

Uruguay : Locust invasion, 7-M. – Presidential Decree of 10 January, 1934 concerning consignments of potatoes imported into the country and intended for cultivation, 108-M. – ' Resolución ' No. 1460-933 of 16 January, 1934 concerning the sum to be allotted for the control of the ' langosta ' (*Schistocerca paranensis*), 109-M.

Y.

Yugoslavia : Decree of the Minister of Agriculture No. 11940/11, dated 24 February, 1934 relating more particularly to the importation of potatoes, plants and cuttings and fruits of apple and pear, which are liable to carry *Synchytrium endobioticum*, *Leptinotarsa decemlineata*, *Phthorimaea operculella*, and *Aspidiotus perniciosus*, 83-M. – D. No. 8971/II of 15 February, 1934 allowing the use of small water-proof paper bags and strong cardboard boxes for packing fungicides and insecticides, 183-M. – Ministerial Notification No. 4561/11 of 31 January, 1934 giving the list of the countries considered free from potato wart disease (*Synchytrium endobioticum*), Colorado beetle (*Leptinotarsa decemlineata*) and potato moth (*Phthorimaea operculella*), 183-M. – Regulation No. 190 of 28 March, 1934 providing for the control of the quality of pyrethrum (*Chrysanthemum cinerariaefolium*), 131-M.
